CANADIAN MAILBOX COMPANY

MAILBOX UNITS & ACCESSORIES

## Vertical Interior Mailbox Units

These mailboxes which meet or exceed Canada Post Standards are available in single compartment units or ganged up to 7 compartments wide. Cardboard name & number tags are supplied standard. These units should be mounted a minimum of 18" off the floor. The depth of the unit is 3-1/2" with the height being 17-5/8". Please see table for widths of each unit.

Security - Constructed with heavy gauge reinforced extruded aluminum to give a lifetime of service and maximum protection for the mail.

Performance - The aluminum trim and doors have striated vertical lines to resist scratching and marring.

Locks - All compartment doors come equipped with 5-pin cylinder Canada Post approved locks with 2 keys, and 1000 possible key changes.

7 Gang

If the wall cannot accommodate the depth of a fully recessed mailbox, the boxes can be surface mounted with optional collars. The collar depth is 7-1/4".
