

CODE & MANUAL KEY MACHINES & ACCESSORIES

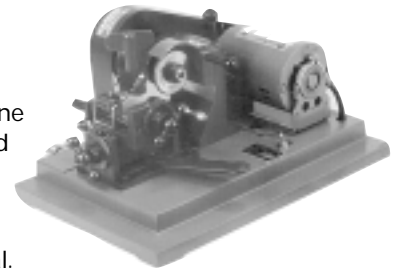

CODE & MANUAL KEY MACHINES & ACCESSORIES

No. 2 Code Machine

- Produces keys with original factory depths from .115" to .400"
- Accommodates keys with up to seven spaces with increments up to .164" apart.
- Center to center cut tolerance from bow to tip of blank does not vary more than one-thousandth of an inch between cuts.
- Spacing blocks provide a total of 60 different spacing alignments including Medeco and Emhart.

Includes:

One 6" dial caliper, one allen wrench, one .045" slotter, 5 spacing blocks, one Ford and Best spacing clip, a "V" milling cutter for cylinder keys, one Medeco-Emhart cutter, one Foreign auto cutter, and the Framon Depth & Space Manual. Each book contains over 800 depth & space charts that cover thousands of different code series, domestic, foreign, flat and deposit box keys.
