

## The Revolutionary ITL950M Code Machine

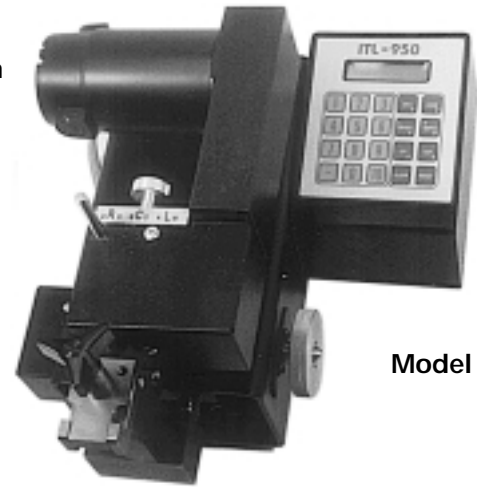

Innovation is not new at Intralock Tools. For the past 8 years they have led the industry in the development of computerized machinery. The ITL950M Code Machine continues to be an industry standard, and a must for every shop.

### Standard Features Include:

- Manufacturer's depths and spaces built-in.
- Automatic depth cuts.
- 12 month warranty.
- Built-in master key system.

### SPECIFICATIONS:

Operating Voltage	- 120 Volts AC, 2 Amps 60 Hz. - 12 Volts 10 Amps DC
Motor Horsepower	- 1/8 H.P.
Cutter Speed	- 3000 R.P.M.
Standard Codes	- Up to 800
Custom Codes	- 10 (User Modified)
Cut Flat Range	- 0.001" to 0.140" in 8 steps
User Definable Flats	- 10 with range of 0.001" to 0.140"
Display Format	- 2 Line 16 Character Alpha-Numeric Micro Power LCD
Computer Interface	- RS232C 300-9600K Baud
Printer Interface	- Parallel, IBM Compatible
Repeatable Accuracy	- (+/-) 0.001"

## ITL-9000 High Speed Industrial Version

Special Order

This is the most advanced automated code machine available today. Whether it is a Master padlock key, Kwikset, Medeco high security, single key or master system, this one machine and one cutter does virtually all conventional pin or wafer keys, including angle cuts.

### Features and Advantages:

- **FAST:** Will cut five #4 cuts on a Schlage key in 18 seconds.
- **ACCURATE:** Repeatedly cuts within +/- .001"
- **SELF-CONTAINED:** Computerized operation or is able to work with most computer systems.
- Loaded with 500 different manufacturer's depth and space settings, with blank room for 300 more.
- Capacity for 160 additional custom tables, user defines space and depth to meet special needs.
- Cuts from direct depth and space use for one-time special applications.
- One cutter (CW1012) makes all cuts.
- Pauses to adjust for angle cuts (Medeco, etc.).
- Cuts flat widths for pin seats.

## Automatic Safe Dialer

- Super strong rare earth magnets
- Dial Gripper with reversible shaped jaws to grip most dials
- Easy to assemble mounting jig
- Self contained no computer required
