851172

Kryptochain & Padlock

- Four-sided trapezoidal chain links made of triple heat-treated boron manganese steel for maximum strength
- Unique shape of chain defies bolt cutters, saws, chisels, hammers and files Cinch-loop design enables effective lock up with less length of chain
- Narrower inner width of individual links prevents leverage attacks
- Weatherproof protective nylon covering allows compact coiling for easier carrying
- Padlock features a cased hardened steel shackle and 7-pin tubular cylinder

KV810216 EZ# 076970

Key Cable Lock

- Flexible 5' Long x 1/2" diameter vinyl coated steel cable with a tough weather resistant integrated key lock.
- Snap-shut design for easy lock-up.

KV830139 EZ# 076971

830139

Combination Resetttable Cable Lock

- Flexible 5' Long x 3/8" diameter vinyl coated steel cable with a tough weather resistant integrated 4 digit resetttable combination lock.
- Snap-shut design for easy lock-up.

KV830207 EZ# 076972

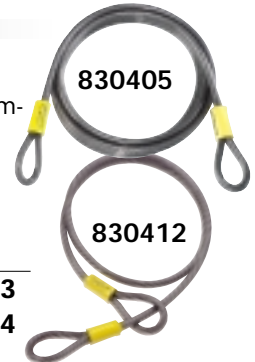

830207

Flexible Steel Cables

- Braided weather proof steel 3/8" diameter, vinyl coated cable.
- More flexibility and more steel per inch than twisted strand cable..

Mfg.#	Length	EZ#
KV830405	7'	076973
KV830412	15'	076974

Removable Shackle Padlock

- Multi-purpose 1/2" (13 mm) diameter removable shackle for ease of use
- Case hardened steel shackle
- 7-pin tubular lock is drill & pick resistant
- Double deadbolt locking for increased security

KV830610 EZ# 076975

Utility Locking Point

- Extra secure weatherproof locking point is surface mounted to be attached to the ground, a wall, truck, or trailer bed.
- Provides a convenient and consistent location for locking valuable equipment
- Steel shackle lays flat within domed body when not in use, making unit safe to drive or walk over.

5/8" hardened carbon alloy steel shackle
5/8" cement anchor bolts install directly into cement (includes masonry bits). Measures 7.5" diameter x 1.65" thick
